VOLUNTEER HOURS

We achieved an extraordinary feat in 2019: InnerVisions South! Many people had roles: from the expertise of board members and longer staff hours to heavy lifting from volunteers, all so that we can more efficiently achieve our life-affirming mission of empowering women and rescuing babies from abortion. Thanks for all you did in that process, and know that we need your ongoing support, as Divine Providence “continues” to guide this mission! With humble gratitude, Theresa Welch, *Executive Director*
