

**FOR IMMEDIATE RELEASE—WEST DES MOINES, IA
February 1, 2023**

Thanks to Per Mar Security for Being Presenting Sponsor at Annual InnerVisions Gala

InnerVisions HealthCare, a free unplanned pregnancy and STD medical clinic with two locations in West and South Des Moines, hosts an annual fundraising event each summer to support the important non-profit mission in the community.

This year, Per Mar Security has joined forces as its Presenting Sponsor, the first time the free clinic has had this arrangement in its 12-year history. “For nearly 10 years, InnerVisions has been an important part of my family’s charitable giving, and we’re delighted to partner with InnerVisions this year as its inaugural Presenting Sponsor”, said Brad Duffy, Division President for Per Mar Security.

“Each year, the Gala is our signature fundraising event, and with the addition of a family-run, reputable company as our signature sponsor, we couldn’t be more delighted,” said Bryan Gonzalez, Director of Development at InnerVisions.

The InnerVisions Gala is scheduled for Thursday, June 1st at the Iowa Events Center, and will feature Dr. William Lile, who has a passion for educating about the personhood of the unborn. As a medical professional, Dr. Lile understands the importance of the life-affirming work that InnerVisions does in empowering women and saving babies.
