

2022 ANNUAL REPORT

InnerVisions HealthCare
UNPLANNED PREGNANCY AND STD MEDICAL CLINICS

A WORD FROM OUR EXECUTIVE DIRECTOR

It's with great joy that we share this annual report with you! In fact, we should call it an "impact report", since the impact you have made on the pregnant women of central Iowa has been so significant!

In 2022, our medical team served the most pregnant patients ever, served the most at-risk pregnant patients ever, and rescued the most number of babies from abortion! We look forward to continuing our life-affirming mission in 2023 and beyond, and know that we could not do this without your loving and caring involvement.
